County Auditor

1-1-19

WAUSEON OHIO, FRIDAY, OCTOBER 24, 1919

WSS

\$1.50 PER YEAR

## GOOD CITIZEN PASSES AWAY

Wauseon Loses a Good Citizen In the Passing of E. F. Hanson—Died at Burleson Hospital, Grand Rapids, Monday, October 20th—Funeral Thursday Morning—Burial in Norwalk.

No recent death has brought more general sorrow to this community than that of Mr. E. F. Hanson, which occurred last Monday forenoon at the Burleson Hospital, Grand Rapids, Michigan, where he had gone for treatment for a trouble of long standing. He has suffered going to long and to physicians were unable to stay the progress of the disease which proved fatal. Mrs. Hanson and his brother-in-law Mr. Charles Woodward of Norwalk were with him at the end. Word was received in Wauseon very soon after his death and it came as a shock to the entire community.

Mrs. Hanson and her brother, Mr. Woodward returned to Wauseon Monday evening and the casket containing the body arrived in Wauseon Tuesday afternoon. Mr. Hanson's sister, Mrs. Frank Bartlett was at the home to receive her sister-in-law. Mrs. Hanson and her children have the sincere sympathy of the entire community in their bereavement.

Though Mr. Hanson has not been a resident of Wauseon for a great number of years, he has during his residence here been constantly demonstrating his public spirit. He has been identified with every movement for the betterment and progress of this community; having remarkable business ability he has built up in Wauseon a successful business enterprise which has materially added to the value of Wauseon as a trading center. His services on the council have been of inestimable value to the village, and his sound judgment and ability to analyze conditions and questions of finance or methods of procedure his conclusions have been sought and followed by his associates in the village administration and he could be depended upon to discharge satisfactorily any responsibility laid upon him.

Ever ready to give his aid, energy or financial support to any movement which he was convinced was for the common good.

Always genial, courteous and hearty in his relations with his fellow men it is small wonder that he was actually loved as a brother by those who knew him best.

Mr. Hanson was a member of Wauseon Lodge No. 156, Knights of Pythias, Wauseon, and of the Free and Accepted Masons and of the Congregational Church.

Funeral services conducted by the Masonic Lodge were held at the home on Clinton Street Thursday morning and the casket, accompanied by his family and friends, was taken by a special Toledo and Indiana Railway car to Norwalk, his former home for interment.

## SAFETY FIRST IN WAUSEON BANKS

Both the banks of Wauseon are to be commended for their enterprise and progressiveness, both in increasing the facilities for prompt and efficient banking service for the people of the community and for safeguarding the financial interests of their depositors. At the Peoples State Bank a day or night burglar alarm is being installed which when complete will be the very best and most efficient appliance for the prevention of loss by burglary that has been produced up to date.

In case of an attempted day-light robbery, an alarm can be given which will attract the attention of officers and citizens for blocks away; this is accomplished by concealed levers or push buttons so placed that no matter in what part of the banking room any of the force may be it will be possible to press one of these levers which will set going a powerful gong outside of the building and one inside the building.

The bank is protected against night time burglary by the installation of a system whereby the prompt force entrance to the vault will set going loud alarms which will bring officers and citizens to the scene at once.

The public will be given a demonstration of these alarms in the near future. The beautiful and convenient arrangement and furnishings of the Peoples State Bank is so well known that comment is unnecessary. The First National Bank has also been undergoing extensive and improvements. A new burglar proof vault has been installed, also the very latest thing in the way of a burglar proof vault door, that mechanical science has produced. This door is a marvel of mechanical and chemical skill and its powers of resistance to force are raised to the "nth degree."

Other changes in process at the First National are the enlargement of the working space, the removal of the directors' room to the basement and the refitting and redecorating of the first floor and basement which will make these floors not only convenient and comfortable, but as beautiful; a combination of utility, security and beauty that will make this bank a very attractive business center.

The fact is not to be overlooked, that back of both of these banks there is a directorate of responsible, reputable citizens of unquestioned integrity and business and executive ability, without which no institution however well equipped and protected physically, can be relied upon to safeguard and protect the interests of its clients.

Both of these institutions merit the confidence of the citizens of this community and the prosperity of the community will increase in proportion to the number of citizens who acquire the "pay by check" and saving habits.

## COUNTY AFFAIRS

### PEACE DAY PAGEANT

History of Fulton County and Wauseon.

The program for the celebration of Peace Day, November 11th, is being rapidly completed. Committees have been appointed to outline the various features and parts are being assigned to groups of pupils. Various clubs and organizations as well as individuals are being requested to lend a helping hand. Every one seems to be very enthusiastic regarding the plans and there is every reason to expect one of the most enjoyable days in Wauseon's history. For the afternoon a parade is being planned, with flags to represent various episodes and events in the County or City's history. There will be four divisions in this parade, each representing one of the 4 economic periods of history. In North Park, said to be the meeting place of the council of several tribes of Indians, will be several things of historical interest. For the evening a program is being prepared that will likewise be interesting and instructive, will be fully as spectacular as the other events of the day.

Another feature of interest will be a vast collection of relics, implements, articles of clothing, pictures, etc., illustrating and featuring life in "yesterday's times," which may call the "good old times."

It will be a great day for all, the oldest and youngest, the fat and the lean, the rich and the poor.

### A CALL FOR \$9,000

#### CENSUS ENUMERATORS

The Director of the Census, Hon. Sam L. Rogers, announces that 50,000 enumerators will be needed to make the next census. The work begins on January 2 and will last about two weeks in cities and a month or more in rural districts. Rates of pay will vary, depending upon the local conditions and character of the district to be canvassed. The average pay per enumerator at the census of 1910 was about \$70. At this coming census it will probably be not less than \$100.

"Active, intelligent, and reliable men and women, not less than 18 years of age are needed for this task," said Director Rogers, and in a sense this is a call for volunteers. The importance of a complete, reliable census, especially in these critical times when more than ever before perhaps we need complete data regarding population, conditions, tendencies and resources, can hardly be over-emphasized. The reorganization of the social and economic structure and the readjustment of international relations necessitated by the war must be based on accurate knowledge if we are to act wisely and deal justly with all classes and all interests. It is hoped therefore, that public-spirited, energetic people throughout the country will volunteer to act as census enumerators even though they may not care for the positions so far as the pay is concerned. I should be sorry to think, and I do not think, that our patriotism was used up by the war and none left for public service in times of peace.

Wm. A. Marker, Supervisor of the Census for the 4 District of Ohio which includes the counties of Defiance, Henry, Fulton, Paulding, Putnam, Van Wert, Williams, states that he will need about 175 enumerators for this district. Applications or requests for application forms should be sent to him on or before October 22. His address is Van Wert, Ohio.

## BRIEF COUNCIL MEETING HELD

Council Transacts Only Necessary Business Monday Evening and Adjourns to Meet Thursday Evening—Tribute of Respect to Late Councilman Hanson.

It was a quiet and subdued group of Village officials that met in the Council chamber last Monday evening for the regular council meeting. The vacant chair of councilman E. F. Hanson was a reminder of the fact that he would never occupy that chair again; and among his associates this fact cast its shadow of sadness, for he was held by them in high esteem both as a comrade and for his splendid executive ability and good judgment in dealing with the problems which have come before the council for solution.

The routine and reading of the minutes were quickly disposed of and matters on the docket requiring immediate attention were taken up and cared for. The Claim Ordinance which included unpaid accounts held over for a period of several weeks was read by the Clerk and passed by vote of the Council.

The Mayor asked representatives of The Ohio Gas, Light and Coke Co. who were present to postpone the presentation of the matter they had at hand until the adjourned meeting and the request was very courteously and willingly granted. The Mayor appointed Messrs. Gorsuch, Ives and Schlatter a committee on resolutions to prepare a statement of the Council's estimate and respect for the late E. F. Hanson and going into a committee of the whole the entire city administration arranged for a floral tribute to express its appreciation of the services of Mr. Hanson and its sincere sorrow in his decease. Following adjournment of the council members gathered in an informal way to express themselves and give their personal tributes to the memory of their associate. All were shocked by the suddenness of his demise and each seemed to feel that the loss was a personal one; some expressing themselves as feeling as though a member of their own family had been taken from them. There were many expressions of sympathy for the bereaved family and a manifest desire to do something that would help in some way to lighten the burden of grief which rests upon them.

The following dates in his life history are suggestive of this wonderful life and effective life. Born in New York City October 27th, 1858. Elected to Assembly, New York State November 8, 1881, appointed U. S. Civil Service Commissioner May 1, 1889. Appointed N. Y. Police Commissioner, May 6, 1895, nominated Assistant Secretary of Navy, April 6, 1897. Appointed Lieut. Col. First Vol. Cavalry (Rough Riders) May 6th, 1898. Elected Governor of New York.

## BEATING THE MARKET FOR YOU

Copyright 1919, Hart Schaffner & Marx

If we were to go out today and try to duplicate the fall clothes we've bought for you, we'd have to pay a big advance; at least \$5 or \$10 more a garment.

That's what has happened.

But we bought early and we're going to see that you get the benefit of our early buying. We're basing our prices on what we paid months ago --- not on the present market prices.

## Hart Schaffner & Marx

make the clothes; nobody can make better ones. They're all-wool, carefully made, stylish, guaranteed to satisfy you.

You'd be getting big money's worth if we did ask the present market price.

But we're not.

And that makes it \$5 or \$10 better for you.

## THEODORE ROOSEVELT

### THE ROOSEVELT CREED

I believe in honesty, sincerity and the square deal; in making up one's mind what to do and doing it.  
I believe in fearing God and taking one's own part.  
I believe in hitting the line hard when you are right.  
I believe in speaking softly and carrying a big stick.  
I believe in hard work and honest sport.  
I believe in a sane mind in a sane body.  
I believe we have room for but one soul loyalty, and that is loyalty to the American people.

This is Roosevelt Memorial week all over the United States and a campaign is on to raise a fund for a National Memorial to this "Great American."

The readers of the Tribune will want to participate in this memorial fund and opportunity to do so will be afforded every person in Fulton County.

The ultimate purpose of this memorial is not the building of a monument of stone or marble, or the erection of a memorial park, or even the establishment of a Foundation Fund; all these are but means to the accomplishment of the real end which is, to pass on to succeeding generations the inspiration of the life and character of Theodore Roosevelt.

No one person in all American History has done more both by precept and example to inspire and inculcate true Americanism than has Theodore Roosevelt. His precepts and example, his heart and soul, in spirit and purpose, keenly alive to the responsibility implied in the very name of American, and proud beyond measure of bearing it.

What virtue advice in these stirring words to his regiment of "Rough Riders." "Get into action. Do things. Be sane. Don't fritter away your time. Create. Take a place wherever you are—and be somebody. Get action, but don't get gay." "With the stirring inspiring words that fell from his lips or flowed from his pen; there goes the example of that perseverance that marked his life from the time he began as a small boy to build up his scrappy physique by long hours of work in the little gymnasium his father set up for him, until he had attained the highest position of trust within the gift of his country, even to the time of thinking, talking, doing plans for the salvation and progress of his beloved country.

Great heart is dead but his spirit remains; let us keep it ever with us.

## W. J. BRYAN IN WAUSEON

Wm. Jennings Bryan Speaks in the Christian Church in Wauseon at 10:00 a. m. Saturday, October 25th—Admission Free—Both Men and Women Welcome

William Jennings Bryan is speaking five times daily in the interest of drys of Ohio. He began his campaign at Batavia October 6 and will conclude in Columbus November 2. His tour is being made by automobile and with him are Dr. H. H. Russell, of Westerville, founder of the Anti-Saloon League, and Rev. Dr. W. E. Fitch, Columbus, both of whom speak briefly.

Mr. Bryan's schedule for Saturday, October 25, calls for the following appointments:

Wauseon, Christian church, 10:00 a. m., G. B. Heise in charge of details.

Delta, City Hall, 11:30 a. m., Rev. C. W. Perry in charge of details.

Bowling Green, 2:30 p. m., L. D. Hill in charge of details.

North Baltimore, 4:30 p. m., Methodist Episcopal church, Rev. W. D. Bishop in charge of arrangements.

Findlay, First Methodist Episcopal church, 8:00 p. m., Judge A. E. Kerns in charge, Rev. A. J. Kestle co-operating.

Mr. Bryan on this tour is sticking to the prohibition text. With many other issues clamoring for a voice he is silent on them all. He explains the troublesome Ohio ballot and tells how to mark it to vote dry. He urges that all wet proposals be defeated and the dry ones sustained. He points out the national importance of results in Ohio, and insists that every dry vote in the state be cast.

Mr. Bryan also urges that dry laws, local and federal, be given strict enforcement and that no candidates be elected except such as are pledged to law enforcement. Further, he declares for maintenance of national prohibition both wartime and constitutional and says that the campaign for world drought already has begun, through the efforts of the World League Against Alcoholism, of which the Anti-Saloon League is a constituent.

Those who have heard him recently say Mr. Bryan has not lost a bit of his force and eloquence, but that he is the same orator as in the days when he was a candidate for the presidency.

## TO ELIMINATE COW LOAFERS

A meeting of the Fulton County Cow Leasing Association No. 1 was held at the Red School-house in York Township, Friday evening, October 17th and final arrangements were made for starting work on October 20th.

The following members were elected on the board of directors, Jay Burr, Ed Forrest, Clarence Lutton, Harry Gould, Fred Seible, C. B. McClagh, Chas. Treman. The Board of Directors then elected Jay Burr as president and Ed Forrest as secretary. Paul Bonar was employed to do the testing.

The members include the following men besides the directors:

John Weber, Burr Kessler, P. Nofsinger, E. Burkholder, M. Griesinger, Bruce Add Uppell, Lowell Knapp, T. C. Murray, Griesler and Robinson, A. H. Precht, Robert Edgar, H. J. Bokerman, A. Bonar, Walter Perkins, Gale Stickle, Ed Hayes, Grant Fouty, Russ Saunders, J. E. Milk production and cost of feed will be kept on every cow in every herd entered. This will enable the owners to detect and eliminate the cow loafer and thus increase the average production of their herds.

The organization of this association which is a part of the program of work of the Fulton County Fair Bureau means a step in advancement in the dairy business and shows that the dairymen of this community are looking ahead to increased production in their herds.

## OFFICE TO HOME

On Monday evening at her home on North Fulton Street, Miss Kathryn B. Weir, daughter of Mr. and Mrs. Wm. Weir, was united in marriage to Mr. C. C. Cummings. Rev. Hopkins, pastor of the United Brethren church, officiated at the ceremony. The wedding was a quiet one. Mr. and Mrs. John Weir of Swanton, Mrs. Thomas Hartman of Toledo, Mr. and Mrs. William Weir, Miss Emma Cummings, sister of the groom and Miss Agnes Fryka constituting the wedding party.

Supper was served immediately following the ceremony and Mr. and Mrs. Cummings left on train No. 16 for Cleveland, from that city they will continue their trip to Buffalo and Detroit and will be at home to their many friends at the corner of Monroe and Oak Streets on and after November 3rd.

The bride had planned for and expected a quiet wedding and a quiet incontinuation of her life in the United States at less than cost in order to destroy American business. In presenting the measure to the Senate Mr. Smoot called attention to the fact that there are today in German ports ready for export to this country, enough dye-stuffs to supply all our needs for two years in the future. If they should be brought in here and sold at a low price our dyestuff industry built up during the war, would be speedily destroyed. Surgical instruments, the most of which are made in Germany, are being imported from Germany before the war. Now the domestic demand is met by American manufacturers, and the many orders are pending for German goods at prices that make it absolutely impossible for the American manufacturer to compete.

All of this simply was an expression of the high esteem in which Miss Weir, who should say (Miss Cummings), is held by those who know her and the best wishes entertained for her future happiness. Mrs. Cummings has given efficient and proficient service to the community through her work on the newspapers and in the printing offices of the town; a service whose value can hardly be overestimated. This service has found its culmination in the past few years during which she has shared in the conduct of the Tribune, helping to make and maintain a high standard of efficient service to the community for this paper. Mrs. Cummings has also been an active participant in movements for public welfare and has been a richly merited the high esteem and regard of the entire community which she has.

We all wish for her, in her transition from the strenuous field of endeavor of a newspaper office to this more peaceful, but no less important field of a home the happiness and prosperity which she has won. Our congratulations are hearty and sincere to both Mr. and Mrs. Cummings. May they live long and prosper.

## RED CROSS MEMBERSHIP

From November 2nd to 11th the RED CROSS will make its annual drive for membership. The memberships subscribed for last year will expire January 1st. Fulton County must not fall below its annual quota. There is much work for the Red Cross always and there are thousands of our boys who are at the front who need free medical and surgical aid. The RED CROSS banner carries the glory of Americanism to the far corners of the earth to alleviate human sufferings. It is engaged in nursing, home service, disaster relief and many other activities to alleviate humanity. We must all do our part in carrying on this great work and every one ought to be a member of the organization and have a part in its great work. Please renew your membership at this time.

Mrs. Geo. A. Everett, County Chairman

## PROTECTION PROGRAM

### UNDER WAY

The Republican House already has passed five bills for the better protection of certain American industries. They cover coal tar products, tungsten ore and its manufactures, zinc ore and manufactures, and pearl buttons and laboratory glassware, scientific and surgical instruments. The only reason those measures have not been taken up by the Senate and enacted into law is the fact that that traity with Germany is occupying the time of that body. Senator Penrose, chairman of the Finance Committee, to which they have been referred, has stated that he will not permit interference with the treaty by seeking consideration of the bills. As soon, however, as that momentous document is disposed of we may expect to see all of those protective tariff measures reported from the committee and made law.

## RECORD SALE OF HOLSTEIN

Grisier and Egnew Dispersion Sale of Pure Bred Holsteins Makes New Record For Fulton County—Breeders From Other States Make Purchases

The total receipts of the Grisier and Egnew Pure Bred Holstein Cattle Sale held October 16th, amounted to \$18,400. There being 46 head, making an average of \$400. Of the above number 16 were 2 year old heifers and calves under 1 year old.

George Rising of Seneca, Mich., purchased Lindenwood Susie, Ohio's champion milk producer, at one time holding the world's record for 4 years old 7 and 30 day record for \$1710. George Hawkins of Morenci, Mich., purchased Lindenwood Susie's bull calf, 7 months old, for \$1100.

Fred A. Buel of Aberdeen, South Dakota, purchased 6 head at \$9000. Wilbert Schuch, of Findlay, Ohio, purchased a head for \$2145.

C. M. Evans of Bryan, Texas purchased 3 month old Pride of the Ormsbys bull calf at \$225.

Otto F. Miller of McClure, Ohio 2 head for \$625.

E. Ansted of Toledo, Ohio, 2 heifers for \$1655.

Lucas County Childrens Home, one cow for \$480.

The balance of the stock was sold to the following Fulton County breeders:

W. L. Biddle & Son, Wauseon, O.

Jay Burr, Wauseon, Ohio.

C. C. Tisse, Delta, Ohio.

D. B. Simpson, Denison, Ohio.

Don Dennis, Wauseon, Ohio.

Ernest Richter, Archbold, Ohio.

M. E. Crout, Tredrow, Ohio.

R. J. Shaffer, Tredrow, Ohio.

Geo. Knapp, Delta, Ohio.

Wm. H. Standish, Lyons, Ohio.

A. H. Wendt, Lyons, Ohio.

W. W. Wolcott, Delta, Ohio.

S. L. Rupp, Archbold, Ohio.

W. L. Dunbar, Delta, Ohio.

W. E. & R. E. Patterson, Delta, O.

Jas. W. Wright, Liberty Center, O.

Eldin Demaline, Wauseon, Ohio.

Wm. H. Standish, Lyons, Ohio.

Dan Eicher, Archbold, Ohio.

R. C. Jackson, Morenci, Mich.

C. H. Baker, Morenci, Mich.

I. W. Russell, Delta, Ohio.

The herd was a fine lot and well bred, most of them being bred to the two great sires—

Pride of the Ormsbys, No. 18578, owned by the Fulton County Holstein Breeders Association of Wauseon, Ohio.

Prince Peiterje Segis, No. 155127, owned by Grisier, Robinson and Harry Gould of Wauseon, Ohio.

## SMOOT SAFEGUARDS AMERICAN INDUSTRIES

Senator Reed Smoot has introduced an anti-dumping bill designed to prevent Germany or any other country from selling goods in the United States at less than cost in order to destroy American business. In presenting the measure to the Senate Mr. Smoot called attention to the fact that there are today in German ports ready for export to this country, enough dye-stuffs to supply all our needs for two years in the future. If they should be brought in here and sold at a low price our dyestuff industry built up during the war, would be speedily destroyed. Surgical instruments, the most of which are made in Germany, are being imported from Germany before the war. Now the domestic demand is met by American manufacturers, and the many orders are pending for German goods at prices that make it absolutely impossible for the American manufacturer to compete.

## LEOLA LUCEY

Owes All To Her Love For Her Mother

When Leola Lucy, the popular Broadway musical star, who is to give a concert in Wauseon, in the High School Auditorium on Tuesday, November 4, 1919 at 8:45 p. m., first decided to become a singer, she had just one idea in her head. You see her father had failed in business and it was up to Miss Lucy to devise a way to support the family.

Believing firmly in her voice, which showed great promise when she was a young girl, Miss Lucy applied to the manager of a big musical show and received a position in the chorus. During the years she spent in the chorus before she blossomed into a "real" star herself, Miss Lucy thought only of her mother. Her ambition was always to do more and greater things for her mother. Even when she was earning twenty-five dollars a week in the chorus, Miss Lucy sent fifteen of it home, regularly to the beloved mother. And as she worked and studied and climbed upward on the ladder of fame, Miss Lucy's mother remained her Tuesday star—the object of her greatest affection.

They are great friends, those two, and are seldom separated from each other except when it is necessary for Miss Lucy's career.

"Really, it is wonderful to think of some one like my mother thinking of me all the time," says Miss Lucy. "Her solicitude for me is really laughable sometimes, if it were not so dear," she adds appreciatively.

And Miss Lucy's mother would say, "How wonderful it is to have a daughter like Leola Lucy always thinking of her mother first, when there are so many greater attractions to take up the time of a popular young star."

But the secret of their faith in each other is the mutual understanding and the constant joy in each other's society. Miss Lucy puts her mother first, before everybody else in the world, and it is to her mother that she insists she owes her great success.

"Love for a mother and hope for the best things for a mother, will make every girl succeed in life," she says.

Miss Lucy's concert on Tuesday promises to be one of the best of the season. She is in splendid voice, and her appearance in Wauseon will give her an opportunity to sing some of her dearly loved Irish songs. Tuesday's concert will be an invitation affair and it is expected that all the young star's followers will be present in a body.

Adv.
